(V/TAU 3 SEPT) DUFF GEN OUR INSTRUCTIONAL TECHNIQUE EXPERT TELLS US IS AN UNFOR GIVABLE SIN....."There is a place reserved in Hell for all instructors, editors and printers of the Pacific Stars and Stripes who promulgate Duff Gen"..... he said.

We of the Wallaby Whisper who are dedicated to "Good G --ts" expose various Wierd & Wonderful stories printed by the P S & S during our term at V/TAU.

Read our reply to the PACIFIC STARS & STRIPES entitled "TERIFFIC SCARS AND GRIPES".

#### EDITORIAL

This is copy No 5 of the W W and some have said .."That column on etc etc. didnt strike my sense of humour"...

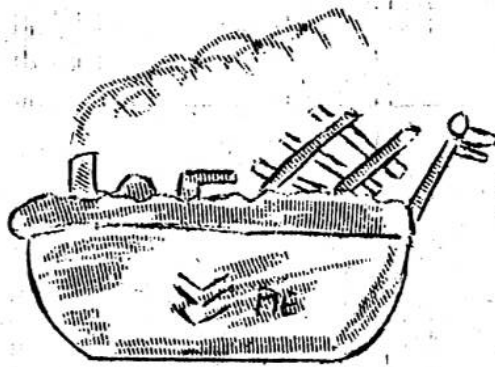

Our reply to this is ..... "The letter of wit, like the letter of the law, is often in sharp conflict with its spirit. So it is with this paper. We are aware that phonetic wit is auditory and not visual and simply follows the tradition of our time, yet how amusingly we defend it from attack.... Someone wrote.. "Its apity the W W which has geneyus is so unedicatted; its the worst spelling newspaper i no of" We wrote.. (and argued)"We hold that a newspaper hazaz much write tew spella word azit is pronouncedaz he has az tew pronounce it the way it aint spelt..." On another occasion we defended our errorthogr-aphy in correct spelling: "We are good spellers we have better spells than you"
