	18/5/42	DH83 Fox Moth A41-1 P/O.R.O. Gilson Pilot. Lieut. General G. Bennett and Brigadier W. Anderson passengers, had forced landing at Eglinton Rocks 10 miles north of WAHERCO, caused by engine failure due to failure of fuel supply, apparently caused by slight leak in union between cock and gravity tank. No damage was sustained by aircraft. Owing to restricted area and rough ground aircraft could not be flown out. Salvage was completed on 20th May, 1942 and aircraft placed in service. No injuries to crew or passengers.	
	20/5/42	DH.84 Dragon A34-1 P/Sergt. Dyke Pilot. P/O.R.V. Umpholby W/T. Operator with Sergt. Murray and Private Whitto passengers taxiing accident at Albany aerodrome. Aircraft taxiing out along runway to take off position and swung to Starboard. Brakes and Starboard engine were applied but aircraft continued to swing and the Starboard wing struck aerodrome obstruction adjacent to runway. The aircraft had just completed a turn through 315° from another runway and the turn could not be stopped. Damage sustained - Starboard lower mainplane-rear spar broken. Slight damage to skin of Starboard wing folding folding flap. Aircraft was placed in service after 48 hours.	
	28/5/42	DH.84 (Dragon) A34-1 P/Sergt. Dyke Pilot. P/O.R.V. Umpholby W/T. Operator had forced landing Albany aerodrome. Starboard engine failed after taking off. Circuit was completed on one engine and normal landing was made. Water was found in the fuel system. Fuel had been drawn from drums and passed through funnel with water trap and fine gauze. No injuries to personnel and no damage to aircraft.	
		DH84 (Dragon) A34-4 issued off to Salvage PEARCE, for complete overhaul.

		<u>ORGANISATION.</u>	
		Twentytwo (22) airmen were posted to this Squadron during the month, for which accommodation had to be found. Permission was obtained from Department of Organisation, Western Area, for No. 35 Squadron to demolish, transport and re-erect four huts (20' x 24') acquired second hand from the State Government Department, and then erected at DUNREATH Golf Course. This work was commenced by personnel of the Squadron on 11th September, 1942, and the huts together with ablution hut and latrine were completed and occupied on 22nd September. Medical requirements of 600 c.ft. per man allow eight (8) men per hut. Each hut is now occupied by eleven (11) men and action is being taken to obtain extra huts to relieve this overcrowding and allow for further anticipated postings to the Squadron.
