

# RAAF Caribou

Johnny Mac,

During our recent trip to Perth, Al Shaw put me onto this website (<http://oc-kahuna.com>) and asked that I pass this info onto you. As it has recently been updated, I took the liberty to print out a copy for you. I have also sent a copy to John Webster so that he can make it available to other interested members. Geoff Hall had provided Al's details to me and, although he had to work at short notice on ANZAC Day, I did manage to catch up with him for a few beers at a later date. My brother-in-law (Ken Mather) put me in touch with Chubby Chandler who re-arranged his schedule and marched with me in Perth and said to say hello. I have included a couple of photos for you to jog the old memory and you will see that they haven't changed. Chubby married (eventually) at 50 and his wife, Pat, is a great bird. Her and Chub are ideally suited but it's hard to get a word in. We stayed a few days with them at Greenhead—about 250k north of Perth - and never stopped laughing. Anyway read and enjoy and I'll see next April, if not before.

Kind regards, 'Junior' (30/06/01)
